DESIGNATED OUTDOOR REFRESHMENT AREA (DORA)

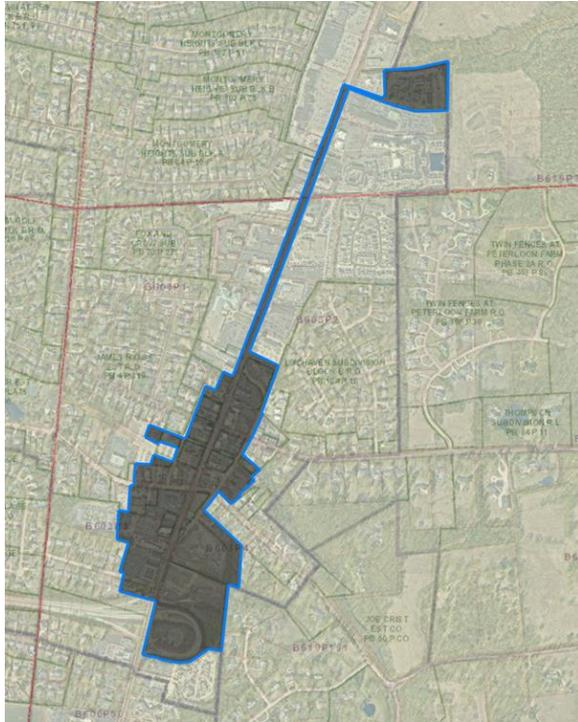

WHAT IS A DORA?

- A specifically designated area that allows patrons over the age of 21 to purchase alcoholic beverages from an establishment and carry them within a clearly defined area within the City
- Established in April 2017 by Section 4301.82 of the O.R.C.; it creates an exemption from the Open Container Law; under the statute, a person who purchases beer or intoxicating liquor from the holder of a permit with a DORA designation is permitted to have that beverage in an open container at any outdoor location within the DORA

WHY A DORA?

- Economic draw for the businesses and the City
- Building on the lively, pedestrian friendly environment of the areas
- Provide an additional incentive for restaurants to locate in the area and potentially drive redevelopment of under-utilized properties
- The Comprehensive Community Plan calls for the City to work with developers and property owners to ensure that redevelopment in the Old Montgomery Gateway District includes pedestrian friendly features and connects to the Heritage District
- The Comprehensive Community Plan states that the City will define a vision for the future of the Heritage District which will expand entertainment and restaurant opportunities
- Goal 3, Strategy 3 of the Strategic Plan calls for the creation of an environment in the Heritage District and Old Montgomery Gateway District that attracts a sustainable mix of retail and restaurants that caters to employees and residents
